CHAPTER I GENERAL PROVISIONS

Article 1 (Purpose)

CHAPTER I GENERAL PROVISIONS The purpose of this Rule is to prescribe matters mandated by Seoul Metropolitan Government Ordinance on Urban Planning and matters necessary for the enforcement thereof.

[This Article Wholly Amended by Enforcement Rule No. 3638, Nov. 13, 2008]

Article 2 (Definitions)

The terms used in this Rule shall be defined as follows: <Amended by Enforcement Rule No. 3671, Jun. 25, 2009; Enforcement Rule No. 3817, Sep. 8, 2011; Enforcement Rule No. 3904, Apr. 11, 2013; Enforcement Rule No. 3426, Apr. 16, 2015; Enforcement Rule No. 3468, Jan. 14, 2016; Enforcement Rule No. 4237, Aug. 2, 2018>

1. The term "basic floor area ratio" means the basic floor area ratio separately determined for each block and lot within the extent of the floor area ratio referred to in Article 55 (1) through (4) and (16) of Seoul Metropolitan Government Ordinance on Urban Planning (hereinafter referred to as the "Ordinance") based upon locational circumstances, such as the width of the road in front, landscape, other infrastructure, etc., in an area under the district-unit plan;
2. The term "permitted floor area ratio" means the floor area ratio separately determined as the floor area ratio under the district-unit plan within the extent of the floor area ratio calculated by adding the floor area ratio provided as an incentive (when matters determined in the relevant district-unit plan are implemented, such as a lot plan, joint development to which the maximum floor area ratio does not apply; uses of a building, vacant land in a site, elements of a green plan, parking, and the flow of motor vehicle traffic, etc.) to the basic floor area ratio;
3. The term "maximum floor area ratio" means the ratio separately determined within the extent of the floor area ratio calculated by adding the floor area ratio provided additionally where an owner of construction provides land as a site for public facilities (limited to cases of contributed acceptance; hereinafter the same shall apply) or builds and provides public facilities, etc. (including where he/she provides public facilities together with the site therefor), where joint development is designated to secure public facilities; or where a decision on a district-unit plan was made to the basic floor area ratio or permitted floor area ratio;

4. The term "public facilities" means public facilities referred to in subparagraph 13 of Article 2 of the National Land Planning and Utilization Act (hereinafter referred to as the "Act"), schools or infrastructure referred to in Article 19 (2) of the Ordinance;
5. The term "Urban Ecology Status Map" means a map consisting of "land use status map; status map of impermeable pavement of soil; existing vegetation map; birds distribution map; amphibian and reptile species distribution map; fish distribution map; mammal distribution map; biotope types map; biotope types evaluation map; individual biotope evaluation map, etc." prepared in accordance with the investigation findings on urban ecology status under Article 4 (4) of the Ordinance;
6. The term "evaluation on biotope" means the procedure in which the value of each area categorized by biotope type is graded according to the evaluation standards. The term "biotope evaluation map" means a mapping of biotope grades.

CHAPTER II FORMULATION OF URBAN MANAGEMENT PLANS

Article 3 (Investigation into Current Status of Urban Ecology and Method of Assessment)

CHAPTER II FORMULATION OF URBAN MANAGEMENT PLANS(1) The following matters shall be included in an investigation into the current status of urban ecology under Article 4 (4) of the Ordinance:

1. The status of the use of land;
2. The status of impermeable pavement of soil;
3. The status of existing vegetation;
4. The status of biotope types;
5. The conclusions of an evaluation on biotope types;
6. The conclusions of an evaluation on individual biotope;
7. Other matters the Mayor deems necessary to investigate and evaluate the status of urban ecology;

(2) The Mayor of the Seoul Metropolitan Government (hereinafter referred to as the "Mayor") may separately determine the following matters to specify the details of the investigation referred to in paragraph (1), and to reflect the outcomes of such investigation in urban planning:

1. The composition and qualification of investigators;
2. A method of investigation;
3. Issue of identification cards of investigators;
4. A method of categorizing a biotope (the status of urban ecology);
5. The grade of the conservation value of a biotope (the status of urban ecology) and a method of grading such;
6. A method for establishing a GIS of investigated materials.

(3) Grades of assessment of biotope types and grades of assessment of individual biotope referred to in subparagraph 1 (a) (4) of attached Table 1 of the Ordinance, shall be as follows:

1. Grades of assessment of biotope types:
 - (a) Grade 1: A type of biotope requiring preferential conservation;
 - (b) Grade 2: A type of biotope requiring conservation;
 - (c) Grade 3: A type of biotope requiring conservation for part of a subject area and the use of land in consideration of the status of ecology for the rest of the area;
 - (d) Grade 4: A type of biotope requiring the use of land in consideration of the status of ecology;
 - (e) Grade 5: A type of biotope requiring partial improvement in terms of urban ecology.
2. Grades of Assessment of individual biotope:
 - (a) Grade 1: A biotope worth preferential conservation (conservation);
 - (b) Grade 2: A biotope worth conservation (protection and restoration);
 - (c) Grade 3: A biotope that has limited value at present (restoration).
- (4) Deleted. <by Enforcement Rule No. 4237, Aug. 2, 2018>

CHAPTER III DISTRICT-UNIT PLAN

Article 4 (Areas Subject to Designation of Area under District-Unit Plan)

CHAPTER III DISTRICT-UNIT PLAN(1) The term "extent or area prescribed by the relevant Rule" in Article 16 (2) of the Ordinance means where a person intends to build apartment housing subject to approval of a business plan pursuant to Article 16 (1) of the Housing Act; or subject to permission to build pursuant to Article 11 (1) of the Building Act: Provided, That this shall not apply in cases falling under any of the following cases: <Amended by Enforcement Rule No. 3748, Apr. 29, 2010; Enforcement Rule No. 3904, Apr. 11, 2013; Enforcement Rule No. 3426, Apr. 16, 2015; Enforcement Rule No. 3468, Jan. 14, 2016; Enforcement Rule No. 4224. May 17, 2018>

1. Deleted; <by Enforcement Rule No. 4224. May 17, 2018>

2. Where less than 30 households of apartment houses are planned to be built;

3. Where the area of a site for business (where part of a site for business is provided for public facilities, the area provided as such shall be excluded herefrom) is less than 5,000 square meters and less than 100 households of apartment houses are planned to be built (in cases of urban type living housing, less than 150 households) and in cases falling under any of the following items:

(a) Where a site for business has no building;

(b) Where an existing building in a site for business meets standards for old buildings prescribed in attached Table 1.

(2) Where an area under the district-unit plan is designated pursuant to paragraph (1), buildings in the area shall meet standards for old buildings prescribed in attached Table 1.

[This Article Wholly Amended by Enforcement Rule No. 3638, Nov. 13, 2008]

Article 5 (Restrictions on Building in Area under District-Unit Plan)

(1) Where the Mayor designates an area under the district-unit plan pursuant to Article 30 of the Act and restricts permission for development pursuant to Article 63 of the Act and Article 60 of the Enforcement Decree (hereinafter referred to as the "Decree") of the same Act; or restricts permission for building pursuant to Article 18 of the Building Act before he/she determines and announces the district-unit plan so that construction meeting the district-unit plan may be materialized, the head of a Gu shall restrict permission for building.

(2) Notwithstanding paragraph (1), the Mayor or the head of a Gu may issue a permit to build a building of at least eight stories or with a total floor area of at least 10,000 square meters (in cases of enlargement of a building, limited to a building of at least eight stories or with a total floor area of at least 10,000 square meters by enlargement of at least three stories) through deliberation by the Seoul Metropolitan Urban Planning Committee pursuant to Article 17 (1) of the Ordinance, and a building other than the scale subject to deliberation by the Seoul Metropolitan Urban Planning Committee through deliberation by a Gu Urban Planning Committee:

1. Building or large-scale repair of a building destroyed by fire or natural disaster;

2. Where building or large-scale repair is required due to structural problems in a building;

3. Where it is judged that a building plan of a lot intended to be built, meets the basic directions of the relevant district-unit plan and details of a district-unit plan under formulation, and infrastructure, such as a road, etc., has been secured;

4. Where building or large-scale repair of a building is required owing to the execution of a project for improvement of public facilities.

[This Article Wholly Amended by Enforcement Rule No. 3638, Nov. 13, 2008]

Article 6 (Height of Building in Area under District-Unit Plan)

Where the Mayor determines the maximum height of a building under a district-unit plan pursuant to Article 52 (1) 4 of the Act, he/she may apply Article 60 of the Building Act.

[This Article Wholly Amended by Enforcement Rule No. 3638, Nov. 13, 2008]

Article 7 (Planning and Operation of Floor Area Ratio in Area under District-Unit Plan)

(1) Where the Mayor formulates a district-unit plan pursuant to Articles 19 (1) and 55 (7) of the Ordinance, the applicable floor area ratio shall be as prescribed as follows:

1. Where an existing specific-use area pursuant to Article 30 of the Decree is or has been changed (including subdivision; hereinafter the same shall apply) to a specific-use area with the higher floor area ratio:

(a) The basic floor area ratio: The floor area ratio determined separately within the extent of the floor area ratio (hereinafter referred to as the "floor area ratio of a specific-use area before change") pursuant to Article 55 (1) through (4) of the Ordinance of a specific-

use area before change;

(b) The permitted floor area ratio: Within the floor area ratio of a specific-use area before change (the floor area ratio of a specific-use area after change the floor area ratio of a specific-use area before change) $\times 2/3$. In such cases, the term "floor area ratio of a specific-use area after change" means the floor area ratio pursuant to Article 55 (1) through (4) of the Ordinance of a specific-use area after change (hereinafter the same shall apply);

(c) The maximum floor area ratio: Within the permitted floor area ratio $\times (11.3 \times \text{weight} \times)$ (Provided, That where the floor area ratio of a specific-use area before change dose not apply, within the extent of the floor area ratio of the relevant area pursuant to Article 55 (1) through (4) of the Ordinance) or within the basic floor area ratio $\times (11.3 \times \text{weight} \times)$. In such cases, weight means the ratio of the floor area ratio of a site provided for public facilities (in cases of at least two specific-use areas, the floor area ratio on a weighted average compared with the area) to the floor area ratio of a site for business, and means the ratio of the area provided for public facilities, to the lot area after a site for public facilities is provided (hereinafter the same shall apply);

2. Where a specific-use area is unchanged pursuant to Article 30 of the Decree and a specific-use area is or has been changed to a specific-use area of the same floor area ratio:

(a) The basic floor area ratio: The floor area ratio determined separately within the extent of the floor area ratio pursuant to Article 55 (1) through (4) and (16) of the Ordinance;

(b) The permitted floor area ratio: Within the floor area ratio pursuant to Article 55 (1) through (4) and (16) of the Ordinance;

(c) The maximum floor area ratio: Within the permitted floor area ratio $\times (11.3 \times \text{weight} \times)$ or within the basic floor area ratio $\times (11.3 \times \text{weight} \times)$;

3. Where an existing specific-use area pursuant to Article 30 of the Decree is or has been changed to a specific-use area with the lower floor area ratio:

(a) The basic floor area ratio: The floor area ratio determined separately within the extent of the floor area ratio of a specific-use area after change;

(b) The permitted floor area ratio: Within the floor area ratio of a specific-use area after change;

(c) The maximum floor area ratio: Within the permitted floor area ratio $\times (11.3 \times \text{weight} \times)$ or within the basic floor area ratio $\times (11.3 \times \text{weight} \times)$.

(2) The application of the floor area ratio in an area under a district-unit plan shall be as follows:

1. The permitted floor area ratio shall be calculated by adding the floor area ratio provided as an incentive to the basic floor area ratio determined in the relevant district-unit plan, but shall not exceed the permitted floor area ratio determined in the relevant district-unit plan pursuant to paragraph (1);

2. The maximum floor area ratio shall apply by adding the permitted floor area ratio $\times 1.3 \times \text{weight} \times$ determined in the relevant district-unit plan pursuant to paragraph (1) to the permitted floor area ratio calculated pursuant to subparagraph 1: Provided, That where it is prescribed to apply the floor area ratio calculated by adding the basic floor area ratio $\times 1.3 \times \text{weight} \times$ determined in the relevant district-unit plan pursuant to paragraph (1) to the basic floor area ratio determined in the relevant district-unit plan, such floor area ratio may apply.

(3) Notwithstanding paragraph (1), standards for applying the floor area ratio in any of the following cases, shall be in accordance with the following: <Amended by Enforcement Rule No. 3817, Sep. 8. 2011; Enforcement Rule No. 3904, Apr. 11, 2013>

1. In cases falling under any of the following items, irrespective of change to a specific-use area, paragraph (1) 2 may apply:

(a) Where a district-unit plan is formulated for an area designated as a prearranged area for housing site development pursuant to Article 51 (1) 4 of the Act: Provided, That this shall not apply where a specific-use area is changed after an execution plan pursuant to Article 9 (3) of the Housing Site Development Promotion Act, has been approved and announced;

(b) Where a district-unit plan is formulated for an area changed to a specific-use area with the higher floor area ratio among the subparagraphs of Article 30 of the Decree. In such cases, the maximum floor area ratio on a site for public facilities provided as at the time a specific-use area is changed to that with the higher floor area ratio, shall not apply;

(c) Where the Mayor formulates a district-unit plan to supply long-term lease housing on a deposit basis;

2. Where the Seoul Metropolitan Urban Planning Committee deems it specifically necessary to attain the objective of a district-unit plan, such as securing public facilities, strategic development, etc., standards for applying the floor area ratio may be determined separately by the district-unit plan.

(4) Matters necessary for implementing methods of computation, etc. under Article 19-2 (2) of the Ordinance shall be as follows:

<Newly Inserted Enforcement Rule No. 3817, Sep. 8. 2011; Enforcement Rule No. 3426, Apr. 16, 2015>

1. The costs for building public facilities, etc. and the price of a site therefor, shall be computed as at the time a building permit is granted: Provided, That when a district-unit plan is formulated subject to a specific development plan, the costs for building public facilities, etc. and the price of a site therefor, may be determined through deliberation by the Urban Construction Joint Committee;

2. The costs for building facilities shall be computed based on the standard building costs announced each year by the Minister of Land, Infrastructure and Transport pursuant to the Seoul Metropolitan Area Readjustment Planning Act: Provided, That where it is inappropriate to apply the standard building costs to sports facilities, cultural facilities, etc. because they require a special structure or function, the costs for building such facilities may be separately computed based on the objective basis for computation, such as the details of design; and

3. Other management standards necessary for implementing methods of computation, may be separately determined by the Mayor.
