Article 3 (Basic Principles of Natural Environment Conservation and Utilization)

The natural environment shall be conserved and managed systematically for the sustainable utilization in accordance with basic principles referred to in the subparagraphs of Article 3 of the Act and Article 3 (1) through (3) of the Protection of Wild Fauna and Flora Act. <Amended by Ordinance No. 4693, Sep. 30, 2008>

Article 4 (Obligations of Mayor)

- (1) The Mayor shall formulate and execute measures for conservation of the natural environment suitable to the local circumstances.
- (2) Where the Mayor formulates and executes urban planning and a plan for urban development, etc., he/she shall endeavor to minimize damage to the natural environment in consideration of ecological healthiness of the natural environment.
- (3) The Mayor shall endeavor to exchange and cooperate in information, technology, etc. concerning conservation of the natural environment with cities both domestically and overseas and international organizations, etc.
- (4) The head of a Gu (hereinafter referred to as the "head of a Gu") shall proactively cooperate in policies of the Seoul Metropolitan Government (hereinafter referred to as the "Metropolitan Government") for conservation of the natural environment and endeavor

to conserve the natural environment in the district under his/her jurisdiction.

[This Article Wholly Amended by Ordinance No. 4693, Sep. 30, 2008]

Article 5 (Obligations of Citizens)

(1) The citizens (including corporations, organizations and institutions; hereinafter the same shall apply) shall endeavor to prevent pollution and damage to the natural environment owing to daily life, business activities, etc.

(2) The citizens shall proactively cooperate in policies for conservation of the natural environment executed by the Metropolitan Government and each Gu.

[This Article Wholly Amended by Ordinance No. 4693, Sep. 30, 2008]

Article 6 (Formulation of Action Plan for Natural Environment Conservation)

The Mayor shall formulate an action plan for conservation of the natural environment pursuant to Article 6 (4) of the Act every ten years and collect opinions of the citizens, related experts or the heads of Gus, etc. <Amended by Ordinance No. 4693, Sep. 30, 2008>

CHAPTER DESIGNATION AND MANAGEMENT OF ECOLOGICAL AND LANDSCAPE CONSERVATION AREA

Article 7 (Designation of Ecological and Landscape Conservation Areas)

CHAPTER DESIGNATION AND MANAGEMENT OF ECOLOGICAL AND LANDSCAPE CONSERVATION AREA(1) An ecological and landscape conservation area shall be an area falling under any of the following subparagraphs and designated by the Mayor because he/she deems that the special conservation of such an area is necessary in accordance with the provisions of Article 23 (1) of the Act:

1. An area highly worthy of conservation and scientific research because its nature maintains a primitive character or is rich in biodiversity;
2. An area of which conservation is required for scientific research or maintenance of natural landscape because its geographical features or geological features are unique;
3. An area that may represent diverse ecosystems or a typical area of an ecosystem;
4. Other areas the natural landscape of which is superb, such as a river, mountain valley, etc.

(2) The Mayor may designate and manage an ecological and landscape conservation area classified as follows in consideration of ecological characteristics, natural landscape and topographical circumstances, etc. for the sustainable conservation and management of the ecological and landscape conservation area:

1. A core ecological and landscape conservation zone (hereinafter referred to as "core zone"): An area the special protection of which is required for the prevention of damage to the structure and functions of its ecosystem or which the Mayor intends to protect specially because its natural landscape is superb;
2. A buffer ecological and landscape conservation zone (hereinafter referred to as "buffer zone"): An area connected with a core zone and necessary for the protection of the core zone.

(3) Where an ecological and landscape conservation area has lost its value as an ecological and landscape conservation area or there is no need to conserve it due to military purposes or force majeure, such as a natural disaster, etc., the Mayor may cancel or change such designation.

[This Article Wholly Amended by Ordinance No. 4693, Sep. 30, 2008]

Article 8 (Procedures for Designation or Change of Ecological and Landscape Conservation Area)

(1) Where the Mayor designates or changes an ecological and landscape conservation area (hereinafter in this Article referred to as "area") in accordance with the main sentence of Article 24 (1) of the Act, he/she may collect opinions of related experts.

(2) In any of the following cases, under Article 24 (1) of the Act, the Mayor shall undergo deliberation of the Green Seoul Citizens' Committee (hereinafter referred to as the "Green Seoul Citizens' Committee") under the Seoul Metropolitan Government Ordinance on the Establishment and Operation of the Green Seoul Citizens' Committee in advance:

1. Where he/she designates an area;
2. Where he/she expands or reduces the surface area of an area;
3. Where he/she adjusts all or part of a buffer zone as a core zone;
4. Where he/she adjusts a core zone as a buffer zone and the area adjusted is at least 10/100 of the gross area of the relevant area.

(3) Matters the Mayor should announce when he/she designates, changes or cancels an area pursuant to Article 24 (3) of the Act shall be as follows:

1. The name of an area;
2. Laws and regulations which are grounds for designation, change or cancellation;
3. The location and the area of an area;

4. Grounds for designation, change or cancellation;
5. The date of designation, change or cancellation;
6. Matters concerning restrictions on acts in an area;
7. Matters concerning the imposition and collection of fines for negligence on violations of restrictions on acts referred to in subparagraph 6;
8. Matters concerning an administrative agency managing an area;
9. Other matters the Mayor deems necessary.

[This Article Wholly Amended by Ordinance No. 4693, Sep. 30, 2008]

Article 9 (Plan for Management of Ecological and Landscape Conservation Area)

- (1) The Mayor shall formulate a plan for management of an ecological and landscape conservation area (hereinafter referred to as "plan for management") pursuant to Article 25 of the Act based on the result of observing changes in an ecology system and natural landscape, and collect opinions of the head of a Gu who has jurisdiction over the relevant district or related experts, etc.
- (2) The Mayor shall include matters referred to in the following subparagraphs in a plan for management:
 1. Matters concerning the conservation and management of natural ecology, a natural landscape and biodiversity;
 2. Matters concerning contributions to the development of a community through the conservation of an ecosystem;
 3. Matters concerning the observation of changes in an ecosystem and natural landscape in an ecological and landscape conservation area;
 4. Matters concerning support to residents of an ecological and landscape conservation area, interested persons, etc.;
 5. Other matters the Mayor deems necessary for the efficient management of an ecological and landscape conservation area.
- (3) The Mayor may change a plan for management where necessary according to changes in an ecosystem, etc., and shall undergo collection of opinions pursuant to paragraph (1): Provided, That where he/she changes any matter he/she deems insignificant, he/she may omit the collection of opinions.
- (4) The Mayor may entrust the observation of changes in an ecosystem and natural landscape pursuant to paragraphs (1) and (2) 3 to a specialized institution, organization, etc. In such cases, he/she may subsidize expenses incurred therein within budgetary limits.
- (5) Necessary matters concerning details, methods, etc. of the observation of changes in an ecosystem and natural landscape shall be prescribed by Rule.

Article 10 (Restrictions on Acts in Ecological and Landscape Conservation Area)

- (1) No one shall do any act falling under any of the following subparagraphs in an ecological and landscape conservation area: Provided, That where a park area designated in accordance with the Natural Parks Act or a cultural heritage (including a protective zone for a cultural heritage) under the Cultural Heritage Protection Act is included in the ecological and landscape conservation area, the Natural Parks Act or the Cultural Heritage Protection Act shall apply thereto:
 1. Capturing wild animals, gathering, transplanting, destroying or withering of wild plants, setting explosives, snares, hooks, nets, traps, etc. to capture wild animals, or spraying or injecting poisonous substances, agricultural chemicals, etc. to wither wild plants, in a core zone;
 2. Changing the structure of a river, lake, marsh, etc., or increasing or decreasing the level or the quantity of water;
 3. Collecting or polluting soil or stones;
 4. Reclaiming the surface of the water (the surface of the water);
 5. Making a fire;
 6. New construction or extension (only applicable to an extension of not less than double the gross building area at the time an area is designated as an ecological and landscape conservation area) of a building or other structure and changing the form or quality of land.
- (2) Paragraph (1) shall not apply to cases falling under any of the following subparagraphs: Provided, That a person who does an act falling under subparagraphs 1 through 5 shall notify the Mayor in advance and hear his/her opinion and may notify the Mayor after the fact in cases referred to in subparagraphs 1 and 2, if it is difficult for him/her to notify the Mayor in advance, and, in cases referred to in subparagraph 7, the head of a related administrative agency shall consult with the Mayor:
 1. Where an act is required for military purposes;
 2. Where an emergency measure is required due to a natural disaster or disaster corresponding thereto prescribed by Rule;
 3. Where a person does an act prescribed by Rule, such as an act required to maintain a way of life or the improvement of living conditions of a resident living in an ecological and landscape conservation area or of an owner, occupant or custodian of the relevant land, etc., or an act required for the continuation of farming he/she conducts when an area is designated as an ecological and landscape conservation area;
 4. Where a person conducts a matter included in a plan for management as an agricultural production infrastructure improvement project pursuant to Article 2 of the Rearrangement of Agricultural and Fishing Villages Act;
 5. Where a person does an act not accompanied by felling a tree or changing the form or quality of land as part of a project

performed for a forest management plan, forest conservancy and the conservation of a forest genetic resources forest reserve under the Creation and Management of Forest Resources Act;

6. Where the Mayor permits as prescribed by Rule because he/she deems that an act does not hinder the conservation of the relevant area;

7. Where the head of a related administrative agency directly orders the performance of an act or grants authorization, permission or approval (hereinafter referred to as "authorization, permission, etc.") in accordance with the law. In such cases, the head of a related administrative agency shall consult with the Mayor in advance;

8. Where the Mayor directly orders the performance of an act or grants authorization, permission, etc. in accordance with the law or another Ordinance. In such cases, he/she shall undergo deliberation of the Green Seoul Citizens' Committee before he/she performs a project or gives approval or permission of the performance of a project (or, where he/she should undergo deliberation of the Urban Planning Committee of the Seoul Metropolitan Government, before he/she undergoes such deliberation);

9. Other acts necessary for the conservation of an ecological and landscape conservation area and prescribed by Rule.

(3) No one shall do any act falling under any of the following subparagraphs in an ecological and landscape conservation area: Provided, That this shall not apply to cases where an act is required for military purposes and cases where an emergency measure is required due to a natural disaster or disaster corresponding thereto prescribed by Rule:

1. Dumping a specific substance harmful to water quality pursuant to Article 2 of the Water Quality and Ecosystem Conservation Act, wastes pursuant to Article 2 of the Wastes Control Act, or a poisonous substance pursuant to Article 2 of the Toxic Chemicals Control Act;

2. Carrying inflammables prescribed by Rule or cooking or camping in a place other than a place designated by the Mayor;

3. Destroying or moving a notice board concerning the natural environment conservation or other signs;

4. Other acts that should be prohibited for the conservation of an ecological and landscape conservation area and are prescribed by Rule.

(4) Matters necessary for deliberation of the Green Seoul Citizens' Committee under the provisions of the latter part of paragraph (2) 8 shall be prescribed by Rule.

(5) The Mayor may exhort matters necessary to prevent destruction of an ecological and landscape conservation area to the citizens.

(6) The Mayor shall notify persons who have access to an ecological and landscape conservation area of matters concerning restrictions on acts pursuant to paragraphs (1) and (3), and matters necessary therefor shall be prescribed by Rule.

(7) Notwithstanding the provisions of paragraph (1), a person may do the following acts in a buffer zone:

1. Facilities for education, publicity or research of the natural environment, such as a place of learning of nature, ecology or forest museum, arboretum, botanical garden, ecological woods, place of ecological experience, ecology research institute, etc., reflected in a plan for management of a conservation area for visit to the ecology or learning of the ecology, etc.;

2. A forest management plan, forest conservancy and a forest project performed for the conservation and management of a forest genetic resources forest reserve, etc. under the Creation and Management of Forest Resources Act.
